

Mimram Quilters Newsletter

December 2011

Dear Member,

I understand that at the November meeting you were treated to many beautiful and colourful quilts from Alison Bramley, I was sorry to miss it.

This month is the Christmas party, and I look forward to tasting your food contributions. I hope that you are all enjoying making the fat quarter bag, we will continue with this at this meeting. Unfortunately Debbie – the mastermind behind all our projects is at her son's surprise birthday party this evening so the members of the committee will be helping and advising. We will also have a raffle – there will be a wonderful range of prizes.

Next month we will once again be presenting Four Corners. This year we are focusing on appliqué. 4 different types of appliqué will be demonstrated, this is the start of our campaign to introduce you to different types of quilting through practical sessions.

As we get closer to the bad weather we have decided to set up a rota for informing people when/if a meeting is cancelled. A member of the committee will ring to let you know of a cancellation. They will try twice and then leave a message if they cannot get hold of you. Please check for messages if you are uncertain whether the meeting will take place. If you do not have a messaging system and are uncertain about any meeting cancellation, we will provide you with a list of committee members and their telephone numbers please feel free to check with one of them.
